CO5:Application of Cost & Revenue Pattern

Principle of Business Management

COURSE OUTCOME

The students will be able to :

CO1:With this course, students will be able to have clear understanding of managerial functions.

CO2:Students will have the knowledge of planning process in the organization.

CO3:Students will be able to demonstrate the ability to directing, leadership and communicate effectively.

CO4:Students able to analyze isolate issues and formulate best control tools and techniques.

Computer Fundamental And Operating System-I

Course Outcomes:

The students will be able to –

CO1:Get information about evolution and application of computer & its development.

CO2:.. Know about different elements of computer system.

CO3:.. Aware about different types of memory.

CO4:.. Get to know about different input devices and output devices.

CO5:. Learn to prepare a text document with complete formatting and page setting.

Computer Fundamental And Operating System-I (Practical)

Course Outcomes:

Students will be able to do at the end of practical's:

CO1: Prepare new document using Templates.

CO2: Change font size & font color

CO3: Change line spacing of Paragraph

CO4: Change case of Paragraph

CO5: Create Bullets, Numbering list

CO6: Create Subscript & Superscript

CO7: Decrease and Increase of Paragraph indent

CO8: Insert Header & Footer in document

CO9: Page Setup of Document

CO10: Insert Page break, Section break, Columns.

CO11: Students will learn to final Proofing and printing documents

Financial Accounting

Course outcome :

CO1: Rectification of Journal entry

CO2: Student acquire the knowledge of nonprofit organization

CO3:Prepare the all types of cooperative society account

CO4:Students should be acquired partnership farm accountancy

CO5:The bill of exchange contest and unconditional order to pay a create amount on as agree day.

Business Economics

Course Outcomes

CO1:Examine the difference between business and managerial economics.

CO4: To diagnose and solve organizational problems and develop optimal managerial decisions.

Computer Fundamental & Operating System II

Course Outcome

The students will be able to

CO1. Get basic introduction of Computer and mobile operating systems

CO2. Know concept of windows versions.

CO3. Create and delete file in File Explorer.

CO4. Know concept of modern communication and network topologies.

CO5. Create e-mail account and compose e-mail message.

CO6. Create table, utilizing existing Template provided by Microsoft and add customization on Template according to user needs.

CO7. Identify steps in the process and complete an activity to create a mail merge.

CO8. Develop the skill of power point programs.

CO9. Insert various graphical object on slide.

CO10. Add different Transition, Animation, Sound and Timing effect to Slide.

CO11. Run a presentation on computer screen.

Computer Fundamental And Operating System-II (Practical)

Course Outcome:

Students will be able to do at the end of practical's:

CO1: Know how to organize files/folder in File Explorer

CO2: Understand different customization setting in windows 10.

CO3: Create windows login Account which is necessary for Windows 10

CO4: Create table, utilizing existing Template provided by Microsoft and add customization Template according to user needs.

CO5: Add header and footer to long list of pages which is crucial.

CO6: Complete Mail Merge process.

CO7: Change layout of pages

CO8: Create Presentation, designing slides and add different Transition and Animation effect to objects and Slide

Company Accounts (CAC) :-

On the successful completion of this course, students will be able to

CO1: Understand the features of Issue of Shares, forfeiture and Re-issue of shares.

CO2: Give an exposure to the company final accounts.

CO3: Provide knowledge of Profit Prior to Incorporation.

CO4: Get an idea about Amalgamation and Absorption of Company.
