2.5.1-Mechanism of internal/external assessment is transparent and the grievances redressal system is time bound and efficient.

Response The institution assesses the learning levels of students regularly. The performance of students is evaluated by internal assessments like unit tests, seminars and assignments which were conducted regularly. Students are supported through remedial coaching classes especially by the departments like English, political Science and Economics, and also for the subjects like Mathematics, Physics and Chemistry so that the slow learners can come in the main stream. Guest lecturers and webinars are organized for students' group and for passed out students which help overall development and further selection of education courses. Placement cell has been set up to provide placement services related information to students. Students are encouraged to participate in Periodical seminars and are asked to submit the Power point presentation to the subject teachers using emails and What's App. On the other side, the institute also identifies, the advance learners, and facilitate them in terms of well-equipped library with the latest edition of reference books, old question papers, and revision sessions.

The institution follows a transparent, time-bound and efficient method in terms of dealing with internal examination related grievances. Various internal examinations are being performed throughout the semester. Some of them are- unit-tests, assignments, lab reports, project evaluations, Internal Assessments, etc. Immediately, after the unit test, the results of the test along with question wise marking scheme is displayed on notice board or shared on students What's App group to maintain transparency. The faculty evaluates the papers within a week of conduction of test. The evaluated answer sheets are shown to students and faculty undertakes individual grievances with a student on the paper if required by the student. At the end of the semester the average marks of both the unit-tests is calculated and verified with the students. If any discrepancies are reported by the students, then they are resolved by the faculty immediately.

Faculty evaluates assignments on the - timely submission, clarity, neatness, etc. The evaluated assignments are given back to students or faculty members instruct them personally within two days of submission, thus maintaining the transparency of the marks assigned and to resolve grievances is any. The lab submissions are taken in and the marks given are made available to students immediately, this providing a transparent way for students to reflect on their strengths and areas of improvements. If students have any grievance related to University Result or External assessment then it is solved by helping students by forwarding a letter to Examination Controller and its follow-up is taken by the faculty and administration. With these systems in place, the institution very well exhibits transparency in the mechanism of assessment and grievance redressal.

Total marks of Sem-III/ IV/V/ VI				—	15	20

Note :

- The concerned teacher shall have to keep the record of all the above activities till the passing out of that batch.
- At the beginning of each semester, every teacher shall inform his/her students unambiguously the method he/she proposes to adopt a scheme of marking for the internal assessment.
- Teacher shall announce the schedule of activity for Internal Assessment in advance in consultation with HOD/ Principal.
- Normally the teacher concerned may conduct three written tests spread periodically during the semester and award the marks on the test on passing of any two tests.
- The internal marks shall be displayed on the notice board before three weeks of the commencement of the theory examination. Grievances if any, of the student regarding Internal Assessment marks shall be settled by the Principal at college level in consultation with the concerned teacher.
- Final submission of internal marks to the University shall be before commencement of the theory examinations.

2.5.1 Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient
