REPORT

Webinar on Active Listening Skills

Listening is a task that requires focused attention to get accomplished. Internal Quality Assurance Cell (IQAC) and the Department of English Matoshree Vimalabai Deshmukh Mahavidyalaya, Amravati run by the Shri Shivaji Education Society Amravati organised one day webinar on Active Listening Skills virtually on zoom platform on 20 th September 2021.

After paying oral tributes to the founder President and great educationist Dr. Panjabrao alias Bhausaheb Deshmukh and his better half Matoshree Vimalabai Deshmukh, in her introductory speech Dr. Savita Dinkar Thakare Coordinator IQAC and the Head, Department of English introduced the Hon. Principal and the Chairperson of the event Dr. Smita Deshmukh and the resource person Dr. Varsha Gawande, Head Department of English Babasaheb Ambedkar Mahavidyalaya, Amravati. In her learned speech Dr. Varsha Gawande with the help of her effective presentation explained in a lucid way, the importance of listening skills. She elaborated various ways of effective listening and its importance in day to day routine, while appearing for the interview and in every walk of life. In her presidential speech Dr. Smita Deshmukh emphasized on active listening. She reiterated that listening though seems simple, if not done properly or actively may lead to errors, ineffective decisions and/or costly mistakes.

The topic of the webinar snatched the attention and more than 100 students, teachers from other colleges and the staff members of the institute participated in the webinar with great enthusiasm and positive feedback.

Dr. Savita Thakare compared the event and Assistant Professor Miss Snehal Vidhale, Department of English proposed vote of thanks.

The extension activity was organised under valuable guidance of our respected principal Dr Smita Deshmukh

Objective of the activity

- To raise awareness about health and well being of the people
- To aware the importance of nutritious diet and care taken in pregnancy and lactating period

The context:

Department of food and nutrition organised departmental extension activity on dated 7 April 2022 at Lal Kheda village near Amravati. This village selected for this activity because the Banjara community leave this village to know about there eating habits and health

Existence of success:

For the past two years ,we have been living under the corona, so everyone knows the true value of their health Dr. Sharmila kubde instructed the Banjara women at Lal Kheda village. She gave guidance to which food and diet taken in pregnancy and lactating period for good health and explain importance of traditional food. It is very important to include traditional ,seasonal and sustainable foods in your life for good health. After the communication, the pregnant and lactating women asked their problems, they loved the activity and request it the repeat visit . The activity was carried out under the guidance of principal, IQAC and student development of our college.

Problem encountered :

Pregnant women have many health problem. they face difficulties as their is no hospital near the village. Protein calorie malnutrition has been observed in young children.

Seminar on Harmonious Interaction with students on use of ICT and Reference book on 06-12-2021

Matoshree Vimalabai Deshmukh Mahavidyalaya Amravati,
Under Internal Quality Assurance Cell
Department of Physics organized

EXTENSION ACTIVITY: "Seminar on Harmonious interaction with students on use of ICT and Reference books "on 6/ 12/ 2021 at 12.00 pm

Name of the Extension Activity: "Seminar on Harmonious interaction with students on use of ICT and Reference books "on 6/ 12/ 2021 at 12 pm.

- Seminar on harmonious interaction with students on " use of ICT and Reference books ":

➤ **ICT for students:**

ICT stands for 'Information Communication Technology'. Everyday usage of digital technology includes when we use a computer, tablet or mobile phone, send email, browse the internet, make a video call - these are all examples of using basic ICT skills and technology to communicate.

➤ **ICT Skills:**

Studying ICT (Computing Science) means we will develop more advanced skills and knowledge. We will deepen our knowledge of technology and how it works. We will learn practical skills like coding/programming and gain a theoretical understanding of topics like computer science and web development.

ICT skills are in demand by employers in many sectors. It is widely acknowledged that there are skill shortages in the ICT area by employers, industry experts and Government officials alike.

In this seminar students are advised, how is important to Use of ICT tools in teaching and learning process. These technologies increase students' motivation, self-confidence and self esteem to learn. Additionally, new technologies usually encourage independent and active learning, as a result, the students feel more responsible for their own learning. The contribution of ICT in modernizing learning and teaching, triggers attempts to incorporate these technologies in order to benefit in terms of quality of education, flexibility, access, and its cost.

- Aims and Objectives of seminar on harmonious interaction with students:

- (1) How to use ICT tools in their courses and which ICT tools they utilize.
- (2) Assess the contribution of ICT to teaching and learning from students.

(3) Also, how Reference book helps to students in enriching their knowledge and deeper their concepts and understanding. Reference books also give lots of problems on a single topic which enables to practice lots of problems for preparation of exams.

If there is no one to help in problem-solving then Reference books are great stuff to have when need to find an answer quickly.

In this seminar cum harmonious interaction with students, Dr. D. R. Bambole, give the information about the use of ICT and Reference books in learning process.

- Resource person – Dr. D. R. Bambole
- **Outcomes of harmonious interaction with students:**
 - 1) Students understand how, Reference books are essential tools in learning every subject in the school curriculum.
 - 2) The students interact with words and ideas in ways that develop their abilities in reading, listening, solving, viewing, thinking, speaking, writing, using ICT technology.
 - 3) ICT makes the students active and participates in the teaching – learning process.

- 4) ICT Shifts emphasis from teaching to learning thereby creating a more interactive and engaging learning environment for both teachers and students.
 - 5) ICT helps students to think critically and creatively and to reflect on their own learning process.
 - 6) ICT can be beneficial not only to teachers for their own education and training but also to use it creatively for accelerating the educational growth of their students.
- The students beneficiary in the interaction about the use of ICT and Reference books in seminar cum harmonious interaction with students : 39

Extension activity: "WORK SHOP FOR TEACHERS ON USE OF ICT TOOLS"
from 23/12/2021 to 28/12/2021

Use of ICT tools in teaching and learning process is important. These technologies increase students' motivation, self-confidence and self esteem to learn. Additionally, new technologies usually encourage independent and active learning, as a result, the students feel more responsible for their own learning. The contribution of ICT in modernizing learning and teaching, triggers attempts to incorporate these technologies in order to benefit in terms of quality of education, flexibility, access, and its cost.

• **Aims of work shop for teachers on use of ICT tools":**

- 1) How to use ICT tools in their courses and which ICT tools be utilize.
- 2) Assess the contribution of ICT to learning and teaching from students.

• **OBJECTIVES OF "WORK SHOP FOR TEACHERS ON USE OF ICT TOOLS"**

:

- 1) One of the main aims of ICT is to help teachers to become competent and confident users who can use the basic knowledge and skills acquired to assist them in their daily lives.
- 2) To prepare teachers for the world of tomorrow.
- 3) To help teachers to adjust to the expected future changes.
- 4) To integrate ICT across the curriculum.
- 5) To introduce to basic modeling and software applications to create appreciation of technology in everyday life.
- 6) ICT aims to assist teachers to grow personally by facilitating different methods of learning.
- 8) To allow the teachers to easily access the necessary information over the Internet.

In the Matoshree Vimalabai Deshmukh Mahavidyalaya, Amravati, Under Internal Quality Assurance Cell (IQAC), Coordinator- Dr. D. R. Bambole, Department of Physics organized the "WORK SHOP FOR TEACHERS ON USE OF ICT TOOLS" from 23/12/2021 to 28/12/2021

Workshop on Role of e-governance in higher education on 19-01-2022

Matoshree Vimalabai Deshmukh Mahaidyalaya Amravati
Under Internal Quality Assurance Cell (IQAC)
Department of Physics

Departmental Activity: "Teachers and non-teaching staff training workshop on
"Role of e- governance in Higher Education" on 19/ 01/ 2022

Electronic Governance (e-Governance) is the use of Information and Communication Technologies (ICT) for the planning, implementation, and monitoring of government programs, projects, and activities. E-Governance is expected to help deliver cost-effective and easy-to-access citizen.

E-Governance helps in improving transparency, providing speedy information, dissemination, improving administrative efficiency and public services in all the aspects of education.

• Role of e- governance in higher education :

Rapid growth in the field of education has made e - governance in academic sector a very complex task. The 21st century has witnessed tremendous advancements in technology which has led to far-reaching developments in the administrative system. Cost-effective technology combined with the flexibility in learning and administrative activities is essential to enhance efficiency. Computers can be used extensively for educational administration.

There are some of the areas where computers can be used for effective educational administration.

- 1) General Administration
- 2) Pay Roll and Financial
- 3) Accounting
- 4) Administration of Student Data
- 5) Inventory Management
- 6) Personnel Records Maintenance
- 7) Library System

Information and Communication Technology (ICT) plays a vital role in supporting powerful, efficient management and administration in education sector. It is specified that technology can be used right from student administration to various resource administration in an education institution.

There are various administrative challenges for Indian education system of the 21st century as given below:

- 1) Global and local challenges.
- 2) Universal and individual challenges.
- 3) Competition and equity challenges.
- 4) Extraordinary expansion of knowledge

5) Moreover many studies revealed the need for ICT integration into administrative activities of higher education institutions.

The various ways of introducing technology in education institution administration are as follows:

- 1) Sending e-mail notices and agendas to staff, rather than printing and distributing them.
- 2) Submission of lesson plans through e-mail
- 3) Foster technology growth by asking parents to write e-mail addresses on medical forms.
- 4) Insist that all teachers create a class Web page
- 5) Attend technology conferences, what other teachers are doing to integrate technology to encourage the use of technology in classrooms.
- 6) Admissions through web-enabled services.
- 7) All day-to-day activities of the institution (General Administration)
- 8) Staff administration
- 9) Single Window System for students.

• **E-GOVERNANCE LEADS TO MULTIPLE ADVANTAGES TO HIGHER EDUCATION:**

- 1) It empowers students and parents to gather information regarding any course, college, department of universities, government policies and get involved in the process of decision making.
- 2) E-Governance strengthens the very fabric of democracy by ensuring greater student, staff and parent's participation at all levels of governance in universities and institutions.
- 3) E-Governance leads to automation of services, ensuring that information regarding every work of public welfare is easily available to all stakeholders apart from geographic and language barriers.
- 4) This revolutionizes the way governments and College/universities functioning, ensuring much more transparency in their functioning, and thereby eliminating corruption.
- 5) As the information regarding every activity of government is easily available, it would make every university department responsible as they know that every action of theirs is closely monitoring and audited.
- 6) Proper implementation of e-Governance practices make it possible for students and parents to get their work done online thereby sparing themselves of unnecessary hassles of traveling to the respective offices.
- 7) Successful implementation of e-Governance practices offer better delivery of services to students, improved interactions with business and industry, students empowerment, better management, greater convenience, revenue growth, cost reductions etc.

- Objectives of "Teachers and non-teaching staff training workshop on "Role of e- governance in Higher Education":
 - 1) To save the time and money in the form of expenditure for hiring instructor, purchasing equipment or other resources.
 - 2) To improve productivity, enhance focus and provide better academic results.
 - 3) To provide speedy information in institute.
 - 4) To improve administrative efficiency and public services in all the aspects of education.
 - 5) To improve service delivery in the form of better access to information and quality service to college stake holders.

Extension activity: "WORK SHOP FOR TEACHERS ON USE OF ICT TOOLS" ON 27/07/2021

Use of ICT tools in teaching and learning process is important. These technologies increase students' motivation, self-confidence and self-esteem to learn. Additionally, new technologies usually encourage independent and active learning, as a result, the students feel more responsible for their own learning. The contribution of ICT in modernizing learning and teaching, triggers attempt to incorporate these technologies in order to benefit in terms of quality of education, flexibility, access, and its cost.

Therefore, this workshop Aims to:

- (1) How to use ICT tools in their courses and which ICT tools be utilize.
- (2) Assess the contribution of ICT to learning and teaching from students.

Workshop on use of ICT Tools for Capability Building and Skills Enhancement by students on 24-08-2021

MATOSHREE VIMALABAI DESHMUKH MAHAVIDYALAYA, AMRAVATI

UNDER INTERNAL QUALITY ASSURANCE CELL (IQAC)

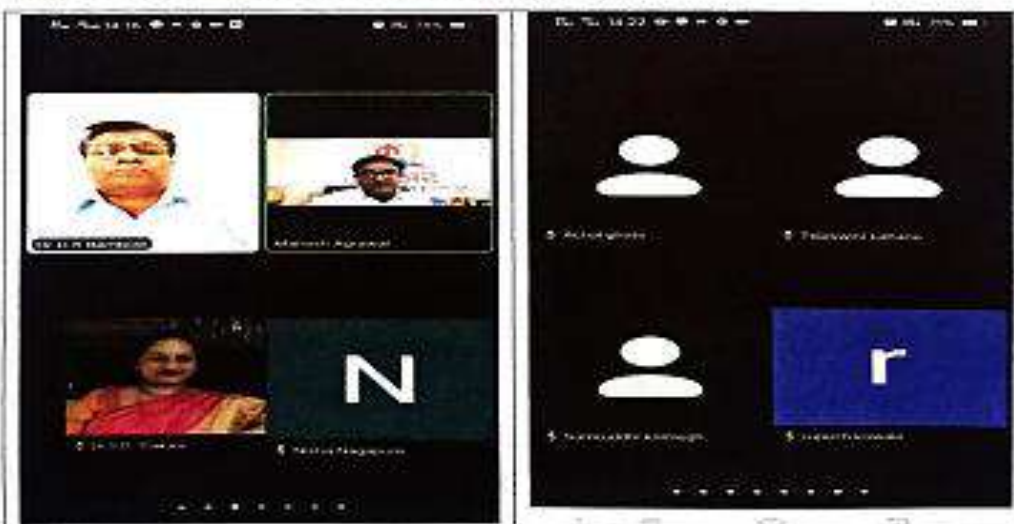

DEPARTMENT OF PHYSICS, ORGANIZED

Extension activity: "Work Shop on Use of ICT Tools For Capability Building and Skills Enhancements by Students" On 24/08/2021

- **ICT:** Information and communication technologies (ICTs) are the technologies used in the conveying, manipulation and storage of data by electronic means.
- **ICT for students:** ICT stands for 'Information Communication Technology'. Everyday usage of digital technology includes when you use a computer, tablet or mobile phone, send email, browse the internet, make a video call - these are all examples of using basic ICT skills and technology to communicate.
- **ICT Skills:**

Studying ICT (Computing Science) at third level means you will develop more advanced skills and knowledge. You will deepen your knowledge of technology and how it works. You will learn practical skills like coding/programming and gain a theoretical understanding of topics like computer science and web development.

ICT skills are in demand by employers in many sectors. It is widely acknowledged that there are skill shortages in the ICT area by employers, industry experts and Government officials alike.

workshop on "MS office (MS word, MS excel, MS power point) on 24/08/2021 organized by Department of Physics (Home science) in Matoshree Vimalabai Deshmukh Mahavidyalaya, Amaravati.

Resource person - Shri. Mahesh B. Agrawal, Director, Carrier Computer Institute Daryapur.
Convenor - Dr. Devidas Rushiji Bambole

• AIMS of the work shop on use of ICT tools for capability building and skills enhancements:

- 1) To present ICT as an integral factor of society at home, work and leisure
- 2) To provide access to the skills required for individuals to understand, analyze and utilize ICT as a wealth of tools that facilitate teaching and learning
- 3) To encourage an inquisitive approach in each individual
- 4) To enable the individual to have control over a broad and ever-changing media by using IT

• Objectives:

- 1) To teach students how to use major software packages, these being: spreadsheets; database; word processing; desk top publishing, web design, data logging/computer control and Internet related applications
- 2) To teach how the use of ICT is regulated in society and the implications of this for the individual
- 3) To provide access to analytical problem-solving skills, empowering the individual to identify a problem, design and create various solutions, and then make a qualitative judgment as to which is the best tool for the job
- 4) To invite criticism of our own practice and amend our methods accordingly, in the interest of improving the quality of teaching learning.

"EXTENSION ACTIVITY":- "TWO DAYS ICT WORKSHOP FOR TEACHERS ON NET SURFING ON 05 AND 06 March 2020"

• **Aims and objectives of ICT workshop for teachers on "Netsurfing":**

- 1) Net surfing is important for solving problems in our daily life.
We can find product of interest and buy them without visit to a store.
- 2) With the net, we can do many things such as shopping for clothes, making friends and getting information.
- 3) By making friends on the Internet, can know about their experiences, cultures, work and so on.
- 4) We can get news of correct events instantly on the internet.
- 5) We can also choose what we want to know on the web.
- 6) We can save money in searching news and also save money for buying news papers.
- 7) The internet makes our life become more convenient & variable.
- 8) We can watch the movie by downloading the movie, watch videos, listen to music & even play games online.
- 9) Using a search engine like Google, we can ask virtually any question and find a web page with an answer and information about that question.
- 10) There are millions of videos on sites like You- tube; explaining various topics and even online courses to help teach about many different subjects.
- 11) We can send E-mail to anyone in the world
- 12) We can chat with anyone in the world.
- 13) With the help of GPS technology, the internet helps map & direct to almost every place in the world.
- 14) With the help of internet, we can find the service we need in our location.
- 15) The internet provides access to our bank account to view the balance, make transaction and send money.
- 16) We can pay bills electronically.
- 17) The internet provides easy access to compare prices between companies.
- 18) Internet is a perfect place to sell most goods.
- 19) There are many ways to make money online by performing other online services.

Coordinator, Dr. D. R. Bambole, Department of Physics (Home Science) organized the "EXTENSION ACTIVITY" of "TWO DAYS ICT WORKSHOP FOR TEACHERS ON NET SURFING ON 05 AND 06 March 2020".

**OUTCOMES OF
"TWO DAYS ICT WORKSHOP FOR TEACHERS ON NET SURFING":**

- 1) After the net surfing workshop organizing for teachers, the Teachers got the knowledge about the Internet which can be seen as a repository of free materials that can be beneficial for teachers in the classroom.
- 2) Teachers got the knowledge about, how by accessing to Internet the thousands of books, websites, etc., teachers can provide a world of knowledge for their students for no additional charges.
- 3) After the net surfing workshop program organizing for teachers, the teachers got the knowledge about how internet can improve the quality of education in many ways.
- 4) Teachers got the knowledge about how accessing to Internet opens doorways to a wealth of information, knowledge and educational resources, how increases opportunities for learning in and beyond the classroom.
- 5) Teachers got the knowledge about using online materials, how to prepare lessons.

- Total number of beneficiaries of the "Two days workshop on Net surfing" organized by the department of Physics = 18

On "MS-OFFICE"

CERTIFICATE DISTRIBUTION TO STUDENTS ON 12/05/2022

- **Add on course:**

Add-on course, is the supplement degree programs with shorter, practical and industry-focused certificate programs.

- **Importance of add- on course:**

Add-on courses are beneficial as it gives vocational education and certificate also. Students prefer opting for add-on course along with degree. Along with three years of bachelor's degree, students complete their add-on course as well, and it gives weightage to their degree too.

- **The objective of introducing the add on course in Department of Physics :**

- 1) To enhance the skills, language, communication skills, aptitude and empower the students for self employment.
- 2))To acquire the knowledge about MS-Excel, MS-Word and MS-Power Point for the improvement in employability.

Department of Physics take a "Add on Certificate" on "MS-Office" in session 2021-2022.
After completion of the course the Department of Physics distributed the certificate to
pass students on 12/05 /2022

After completion of the course the Department of Physics distributed the certificate to
pass students on 12/05 /2022 by the hands of Principal, Dr. Smita R. Deshmukh

- **Outcomes of Add on certificate course:**

1) 21 students of B. Sc. II (Home Science) get awarded with the certificate on the completion of the Add on Certificate course.

2) Students get the knowledge about MS- office.

Extension activity: "WORK SHOP FOR TEACHERS ON USE OF ICT TOOLS" ON 27/07/2021

Use of ICT tools in teaching and learning process is important. These technologies increase students' motivation, self-confidence and self-esteem to learn. Additionally, new technologies usually encourage independent and active learning, as a result, the students feel more responsible for their own learning. The contribution of ICT in modernizing learning and teaching, triggers attempt to incorporate these technologies in order to benefit in terms of quality of education, flexibility, access, and its cost.

Therefore, this workshop Aims to:

- (1) How to use ICT tools in their courses and which ICT tools be utilize.
- (2) Assess the contribution of ICT to learning and teaching from students.

UNDER INTERNAL QUALITY ASSURANCE CELL (IQAC)

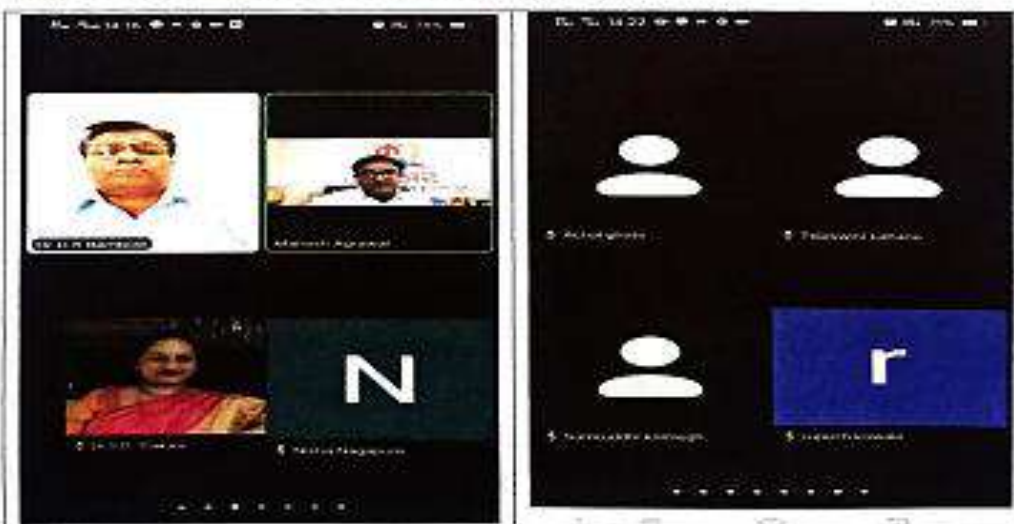

DEPARTMENT OF PHYSICS, ORGANIZED

Extension activity: "Work Shop on Use of ICT Tools For Capability Building and Skills Enhancements by Students" On 24/08/2021

- **ICT:** Information and communication technologies (ICTs) are the technologies used in the conveying, manipulation and storage of data by electronic means.
- **ICT for students:** ICT stands for 'Information Communication Technology'. Everyday usage of digital technology includes when you use a computer, tablet or mobile phone, send email, browse the internet, make a video call - these are all examples of using basic ICT skills and technology to communicate.
- **ICT Skills:**

Studying ICT (Computing Science) at third level means you will develop more advanced skills and knowledge. You will deepen your knowledge of technology and how it works. You will learn practical skills like coding/programming and gain a theoretical understanding of topics like computer science and web development.

ICT skills are in demand by employers in many sectors. It is widely acknowledged that there are skill shortages in the ICT area by employers, industry experts and Government officials alike.

workshop on "MS office (MS word, MS excel, MS power point) on 24/08/2021 organized by Department of Physics (Home science) in Matoshree Vimalabai Deshmukh Mahavidyalaya, Amaravati.

Resource person - Shri. Mahesh B. Agrawal, Director, Carrier Computer Institute Daryapur.
Convenor - Dr. Devidas Rushiji Bambole

• AIMS of the work shop on use of ICT tools for capability building and skills enhancements:

- 1) To present ICT as an integral factor of society at home, work and leisure
- 2) To provide access to the skills required for individuals to understand, analyze and utilize ICT as a wealth of tools that facilitate teaching and learning
- 3) To encourage an inquisitive approach in each individual
- 4) To enable the individual to have control over a broad and ever-changing media by using IT

• Objectives:

- 1) To teach students how to use major software packages, these being: spreadsheets; database; word processing; desk top publishing, web design, data logging/computer control and Internet related applications
- 2) To teach how the use of ICT is regulated in society and the implications of this for the individual
- 3) To provide access to analytical problem-solving skills, empowering the individual to identify a problem, design and create various solutions, and then make a qualitative judgment as to which is the best tool for the job
- 4) To invite criticism of our own practice and amend our methods accordingly, in the interest of improving the quality of teaching learning.
